

Agilent Technologies 5985 Source Heater Assembly

S.I.S.™ supplies the entire source heater assembly for the Agilent 5985 mass spec. The source heater assembly includes 2 heater cartridges, lead protectors and 2 stainless steel connectors and is ready for installation. Individual replacement heater cartridges are also available, if you want to repair the heater assembly yourself.

05985-60171

Part No.	Agilent No.	Description	Price ea.
HPH1	(# 05985-60171)	Complete SIS source heater assembly	
HPC1		Agilent replacement heater cartridge	

Thermo* 5100 Source Heater

The source heaters for the heated sources on the Thermo 5100 are now available from S.I.S. Heaters include the stainless steel connectors and ceramic insulators covering the heater wire. These heaters are identical to the Thermo #50020-60006 heater and are priced significantly less than the original manufacturer. All 5100 source heaters are repairable by S.I.S.

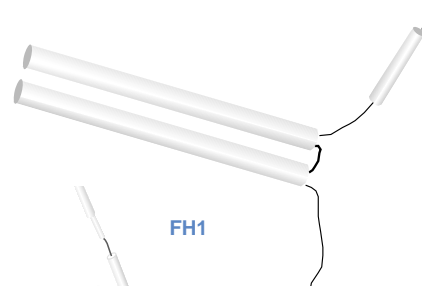

HT5100

Part No.	Thermo No.	Description	Price ea.
HT5100	50020-60006 6 or more	5100 Source Heater	
REP49		Repair of Heater	

Thermo* 3000 Source Block Heaters

The Source Block Heaters for Thermo 3000 series mass spectrometers are in stock for immediate shipment. The heater includes parts as shown in the picture. Tungsten/Rhenium wire for heater repair is also available, as well as S.I.S. custom repair of the heaters.

FH1

Part No.	Thermo No.	Description	Price
FH1	01554-20180	Source Block Heater	
W46	00023-00400	Re-Tungsten Wire	/ft.
REP42		Source Heater Repair	

Thermo* 4500 / TSQ Source Heaters

The heater source for the Thermo 4500/4600, Thermo #40005-60270, includes 4 cartridge heaters, ceramic insulators, leads and connectors. Individual cartridges, Thermo #40005-98020, are also available should a cartridge burn out and you have the ability to repair these heaters.

HT4500

Part No.	Thermo No.	Description	Price ea.
HT4500	40005-60270	4500 Heater Assembly	
HT7000		TSQ Heater Assembly	
SC181	40005-98020	Replacement Cartridge	
REP46		Repair of Heater	

Kobra Precision High Resistance, High Voltage Resistors

- Precision- 5% tolerance
- High ohmage- 1 to 100 megaohms
- 5000 volt capacity
- Usable to 220°C
- Tinned copper leads
- Conformal epoxy coating
- Glass overglaze for vacuum applications

Part No.	Description	Price ea.
K01268-1	1 Megaohm resistor	
K01268-5	5 Megaohm resistor	
K01268-10	10 Megaohm resistor	
K01268-25	25 Megaohm resistor	
K01268-50	50 Megaohm resistor	
K01268-100	100 Megaohm resistor
