

## Channeltron® 5772 Mass Spec Detector

High Performance Detector Upgrade for the Agilent 5970 Mass Selective Detector

### Features:

- For Use with the Agilent 5970
- Highest sensitivity electron multiplier
- Wide dynamic range
- Improved long-term performance stability
- Improved multiplier lifetime
- Easy installation
- Photon-absorbing hardware for the highest signal-to-noise
- Patented board-mounted “plug-in” design for easy and accurate installation

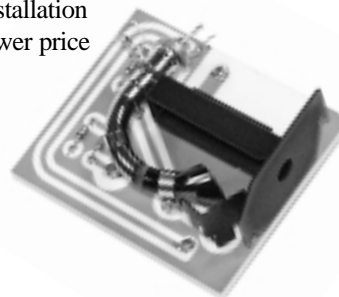

Part No.	Description	Price ea.
30147	Burle Model 5772 Mass Spec Detector for Agilent 5970	

## Channeltron® 5778 Mass Spec Detector

High Performance Detector upgrade for the Agilent 5971/5972/GCD Mass Selective Detector

### Features:

- For use with the Agilent 5971, 5972 & GCD
- Highest sensitivity mass spec detector
- Wide dynamic range
- Improved long-term performance stability
- Improved multiplier lifetime
- Easy installation
- New lower price

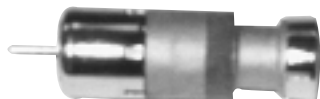

Part No.	Description	Price ea.
30148	Burle Model 5778 Mass Spec Detector for Agilent 5971, 5972 and GCD instruments	

## 5900 Magnum Electron Multiplier™

For Agilent 5770A, 5970, 5970B, 5971A, 5972A, GCD, 5973, 5975, 5989A, 5989B, M.S. Engine and 5995 Mass Spectrometers

### Features:

- High Performance
- Linear Over Wide Range of Output Current
- Low Noise
- Direct Plug-in Replacement for OEM Multiplier

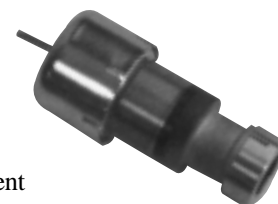

Part No.	Description	Price ea.
31308	Burle Model 5900 Mass Spec Detector	

## 5902 Magnum Electron Multiplier™

For Agilent 5770A, 5970, 5970B, 5971A, 5972A, GCD, 5973, 5989A, 5989B, M.S. Engine and 5995 (Agilent Mass Spectrometers which have been fitted with K&M Replacement Optics), Bear Cub 200, Hitachi 3DQ and Bruker Esquire

### Features:

- High Performance
- Linear Over Wide Range of Output Current
- Low Noise
- Direct Plug-in Replacement for OEM Multiplier

Part No.	Description	Price ea.
32336	Burle Model 5902 Mass Spec Detector	

## 5903 Magnum Electron Multiplier™

For Thermo GCQ™ and LCQ™, SSQ® 7000 and TSQ® 7000, PolarisQ and TSQ® Quantum

### Features:

- High Performance
- Linear Over Wide Range of Output Current
- Low Noise
- Direct Plug-in Replacement for OEM Multiplier

Part No.	Description	Price ea.
32906	Burle Model 5903 Mass Spec Detector	

When “Thermo” is indicated, it is intended to imply “Thermo Fisher Scientific Corp.” \*When “Burle” is indicated, it is intended to imply “Photonis USA, Inc.”
