

Agilent Technologies 5971, 5972, 5973, 5975 & GCD Source Cleaning

Parts cleaned

Entire source block, lenses, insulators, filament and repeller assembly.

Parts Repaired

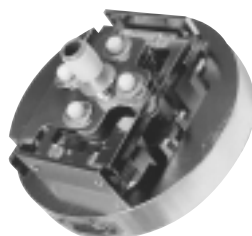

Two filaments

Not included in standard source cleaning price

Replacement of missing screws, filaments and vespel lens insulators.

Part No.	Description	Price
REP-100	Source Cleaning of Agilent 5971/5972/5973/5975/GCD	

Agilent Technologies 5970 Source Cleaning

Parts Cleaned

Entire source block, lens stack assembly, insulators, filament and repeller assembly.

Parts replaced if missing or broken

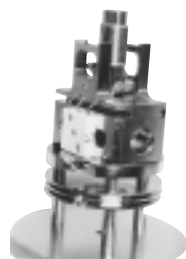

Two new filaments and lens ceramic spacer.

Not included in standard source cleaning price

Replacement of missing screws and other metal source parts as well as broken or missing filament and filament block ceramic, draw out sleeve, filament springs and repeller insulator.

Part No.	Description	Price
REP-76	Source Cleaning of Agilent 5970	

Agilent Technologies 5989 Source Cleaning

Parts Cleaned

Entire source block, lenses, insulators, target, filament and plunger assembly.

Parts replaced if missing or broken

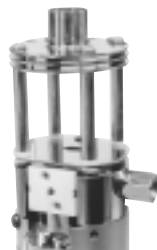

Plate insulators and new filament.

Not included in standard source cleaning price

Replacement of missing screws and other metal source parts as well as broken or missing filament and target ceramics, repeller insulator, and plunger guide.

Part No.	Description	Price
REP-77	Source Cleaning of Agilent 5989	

Agilent Technologies 5985, 5987 and 5988 Source Cleaning

Parts Cleaned

Entire source block, lenses, insulators, target, filament and plunger assembly.

Parts Replaced if missing or broken

Lens stack insulators and new filament

Not included in standard source cleaning price

Replacement of missing screws and other metal source parts as well as broken or missing filament and target ceramics, repeller insulator, and plunger guide.

Part No.	Description	Price
REP-77	Source Cleaning of Agilent 5985, 5987 & 5988
