

A74 Ceramic Insulators

Ceramic and Sapphire Insulators

The following straight alumina insulators and washers are currently available. All listed insulators are constructed from a high purity aluminum oxide ceramic. These insulators are all straight washers and tubes with no steps. Stepped ceramics are listed separately later in the catalog. If you need something different give us a call. All dimensions are in inches and ± 0.002 inches.

Part No.	Description	O.D. (in.)	I.D. (in.)	Thickness (in.)	Price Ea.	10 or more/ea.
Z1	Ceramic Insulator	.087	.063	.065		
Z3	Ceramic Insulator	.087	.063	.100		
Z11	Ceramic Insulator	.087	.063	.095		
Z9	Ceramic Insulator	.087	.063	.0125		
Z13	Ceramic Insulator	.087	.063	.160		
Z31	Ceramic Bushing	.087	.063	.175		
Z4	Ceramic Insulator	.087	.063	.200		
Z10	Ceramic Insulator	.087	.063	.360
