

Micro-Mesh® Polishing/File Board

These polishing file boards are ideal for getting into tight spaces, cleaning quadrupole rods or for use in any other place where a stiff backing is preferable.

Buffer files are available in 2 sizes - 5 3/4" x 1/2" and 7" x 11/16". The three grit files consist of 2400, 4000, and 12000 grades of Regular Micro-Mesh while the four grit files consist of 180, 2400, 4000, and 12000 grades of Regular Micro-Mesh abrasives.

A related product called Micro-Mesh® Pads is listed on our web site. These Soft Touch Pads are 2" x 2" or 3" x 4" and contain Micro-Mesh on both sides in various grits with a 3/16" foam center.
