

## HP5989 Lens Insulator

The vespel lens insulator used in the 5989 mass spectrometer source is available from stock. This is an exact replacement for Agilent # 05989-20111.

Part No.	Agilent No.	Description	Price ea.
HPV1	05989-20111	Vespel Lens Insulator, 5989	

## HP5989 Clamp Insulator

The vespel clamp insulator and lens insulator used in the 5989 mass spectrometer source is available from stock. This is an exact replacement for Agilent # 05989-20110.

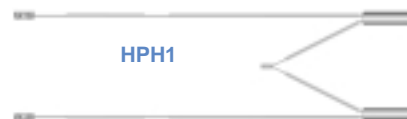

Part No.	Agilent No.	Description	Price ea.
HPV2	05989-20110	Vespel Clamp Insulator, 5989	

## Agilent 5985 Source Heater Assembly

S.I.S.™ supplies the entire source heater assembly for the Agilent 5985 mass spectrometer. The source heater assembly includes two heater cartridges, lead protectors, and two stainless steel connectors. It is ready for installation. Individual replacement heater cartridges are also available, if you want to repair the heater assembly yourself (Agilent #05985-60171 - Heater Assembly).

Part No.	Agilent Part No.	Description	Price
HPH1	05985-60171	Complete Agilent Source Heater Assembly	
HPC1		Agilent Replacement Heater Cartridge	

## Agilent Interface Heater/Sensor Assembly

This is a replacement for the Agilent heater/sensor assembly (Agilent #05890-61140) used in the jet separator interface and other areas. This assembly comes with all connections to interface with the Agilent GC/MS. HPC2 is the cartridge heater only (Agilent#19231-60620).

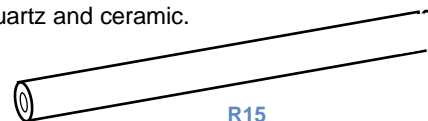

Part No.	Agilent Part No.	Description	Price
HPH2	05890-61140	Heater/Sensor Assembly	
HPC2	19231-60620	Heater Cartridge	

## Lead Protector for Agilent Source

These lead protectors for the Agilent source, Agilent#4330-0624, are available in both quartz and ceramic.

Part No.	Agilent Part No.	Description	Price
Q15	4330-0624	.097" x .076" x 4.0" Quartz	
R15	4330-0624	.125" x .062" x 6.0" Ceramic	
R154	4330-0624	.125" x .062" x 4.0" Ceramic	

## Agilent Technologies 5989 Filaments

S.I.S. manufactures the strap on band style filaments for the Agilent Technologies 5989 series mass spectrometers (Agilent #05985-60179). The rhenium filament wire is accurately positioned, tensioned, and spot welded to the metal strap. The metal strap contains the pre-punched holes for easy installation. Available in packages of one or for additional savings in lots of 6 filaments.

Part No.	Agilent Part No.	Description	Price ea.	6 or more Price ea.
HPF-2	05985-60179	H.P. 5989 Filament		

## Agilent 5989 Electron Multipliers

The electron multiplier for the Agilent 5989 MS Engine (Agilent#05989-80002) and the HED version are available from stock for immediate shipment.

Part No.	Description	Price
30097	Burle Electron Multiplier	
359	DeTech Electron Multiplier with HED	
14613	ETP Electron Multiplier	

## Agilent Metal Spacers

These stainless steel spacers correspond to Agilent# 05985-20106.

Part No.	Agilent Part No.	O.D. x I.D. x L.	Price ea.
HP9	05985-20106	.248" x .149" x .100"	

## Ionization Gauge for Agilent 5989

The ionization gauge tubes used on the Agilent Technologies 5989 MS Engine mass spectrometers are available from SIS. These ionization gauge tubes have the quick flange on the side arm for installation into the mass spec system. They are direct replacements for the Agilent originals (Agilent#0960-0799).

Part No.	Agilent Part No.	Description	Price
G100KF25	0960-0799	Ion Gauge Tube for HP 5989
