

# B48 Nermag Mass Spec Accessories

## Nermag Ceramics

The following ceramics are available for use in the Nermag mass spectrometers. They are manufactured from high purity alumina ceramic.

Part No.	Nermag No.	Description	Price ea.	10 or more Price ea.
NC18	1.8	Ceramic Spacer 4833-2		
NC19	1.9	Ceramic Barrel 4834		
NC110	1.10	Ceramic Spacer 4833-1		
NC114	1.14	Ceramic Spacer 4833-3		
NC122	1.22	Ceramic Lens Barrel 3113		
NC23	2.3	Ceramic Spacer 8586		
NC24	2.4	Ceramic Spacer 8570		
NC27	2.7	Ceramic Spacer 8585		
NC211	2.11	Ceramic Spacer 8614		
NC213	2.13	Ceramic Spacer 8613		
NC34	3.4	Ceramic Barrel 16910		
Z35	1.20	Ceramic Spacer 3110		
NC1315	13.15	Ceramic 15427		
NC1314	13.14	Ceramic Barrel 40943		
NC1344	13.44	Ceramic Isolating Barrel		
NC1346	13.46	Ceramic Isolating Guide		
NC1343	13.43	Ceramic Repeller Isolation 41410		
NC1311	13.11	Ceramic Adapter 41006		
NC139B	1.39B	Ceramic Trap Barrel 20014		
NC129	1.29	Repeller Support		
Z13	1.46	Isolating Barrel		

## Nermag DCI Filaments

New DCI filaments for the Nermag mass spectrometers are now in stock at S.I.S. These filaments are constructed with a ceramic base and solid posts for sturdy performance. The filament is ready for installation. S.I.S. also sells just the filament coils for those who wish to rebuild or manufacture their own filaments

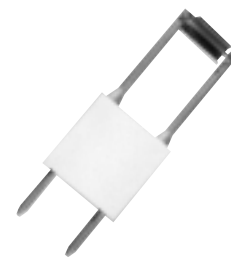

Part No.	Description	Price ea.
NFI-1	Nermag DCI Filament	
HC8	Nermag DC I Coils Quantity of 6 or more	

► **Tech Tip** Call for information on DCI Probe Repair

## Nermag Automass Filaments

New filaments for the bench top Nermag Automass mass spec are available from S.I.S. The filaments are exact replacements for the Nermag originals.

The NFI-3 filaments are exact replacements for the Unicam updated Nermag Automass GC/MS systems.

Part No.	Description	Price ea.
NFI-2	Nermag Automass Filament	
NFI-3	Unicam/Nermag Filament
