

C20 Desorption System Fittings

Desorption Tube Fittings

The following list of fittings will adapt our 1/4" O.D. GLT desorption tubes for your particular application.

The GLT desorption tubes are 1/4" O.D. and have a thread size of 1/4" x 48 threads per inch. PTFE seals (781004) are normally used at the base of the thread to ensure a seal.

Cross Section		Part No.	Description	Price
Inside	Outside			
		781011	SS Desorption to 1/4" Tube Connector	
		781010	S.S. Desorption Tube Hose Connector	
		781029	S.S. Desorption Tube Union	
		781060	Dual Desorption Tube to 1/4" Tube Connector	
		781061	Dual Desorption Tube to Hose Connector	
		781062	Dual Desorption Tube to Male Desorption Thread	
		781012	SS Desorption Tube to 1/8" Swagelok™ Connector	
		781019	SS Desorption Tube to 1/4" Swagelok Connector	
		782074	SS Desorption Tube to 1/4" Swagelok Connector	
		782076	SS Desorption Tube to 1/4" Swagelok with 1/16" side port	
		782072	SS Desorption Tube to 1/2" Swagelok Connector	
		782075	SS Desorption Tube to 1/2" Swagelok with 1/16" side port
