

## PicoFrit® Packing Mount

**A**rylic base for the inspection of fused-silica tips by light microscopy; especially useful for holding PicoFrit tips during packing. The 1" x 3" baseplate is designed to fit any conventional mechanical stage. Includes MicroTight® union and ferrules for 360 µm OD fused-silica tubing. Ideal for use with the PIP-500 Injection Platform.

Part Number	Description	Price
MOUNT-FS1	PicoFrit® Packing Mount	

## Calibrated Micropipettes

Precision-calibrated 1-5 µL micropipettes are ideal for monitoring offline sample loading of PicoFrit® columns. Fire-polished and color-coded with a guaranteed accuracy of ±0.5%, these are ideal for measuring through-column flow rates.

Part Number	Description	Price
NO2-000-001	Calibrated Micropipettes 250 pcs. per box	

## Diamond Scribe

**T**his precision, 90° wedge-style (1 mm-wide blade) diamond scribe is different from most diamond point scribes available elsewhere. With proper technique, this scribe can be used to cleave even thin-wall tubing without damage to the tubing and with minimum particulate generation.

Part Number	Description	Price
SCRIBE	Diamond Scribe	

## Shortix™ Diamond Capillary Cutter

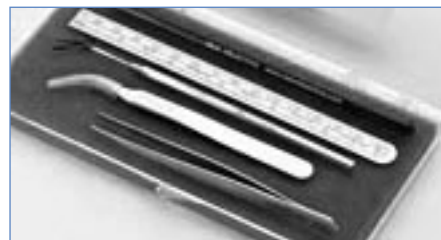

**T**he Shortix uses a patented, precision cutting wheel that scores the circumference of the fused-silica tubing at precisely 90° to the column axis. Clean ends mean leak-tight connections and less chance of capillary clogging from technique-dependent cleaving. A 20x magnifying glass is built into the handle for inspecting the cut.

Part Number	Description	Price
FSC-001	Shortix™ Diamond Capillary Cutter	
FSCM-KIT	Blade Replacement Kit	

## Micro Tool Kit

**T**ool assortment for low-volume preparative work. These high-quality tools are the same as those used in the New Objective lab. **Includes:** Dumont #7 fine forceps, Dumont #578A forceps, 90° precision diamond scribe, needle probe for swaging sleeves, and a 6" metal ruler (inch/mm).

Part Number	Description	Price
TIP-KIT	Micro Tool Kit	

## Hamilton Syringe

10 µL syringe with a 10 cm long, 170 µm OD flexible fused-silica needle. Ideal for filling offline PicoTips®.

Part Number	Description	Price
NO14-824	Hamilton Syringe
