

- 30 Different Sizes
- 380 Total O-Rings
- Ready to Use
- Suitable From -40° to +300° F
- All Popular Sizes
- Labeled Storage Posts
- Available in Viton™, Buna-N™, PTFE or Silicone

This convenient O-Ring kit contains 30 of the most popular sizes, for a total of 380 O-Rings, in one convenient kit. It is ready to use and will give you easy access and storage to whatever size you need. The storage posts are clearly labeled to provide instant size identification. There is even a built in gauge to measure the size of the old O-ring needing replacement. This kit is available in either high performance Viton, Buna-N, PTFE or Silicone composition. See the table below for quantities and sizes contained in the kit.

Part No.	Description	Price/kit
