

G8 *Micro-Mesh® Kits*

G-5 Vinyl Restoration Kit

Great for isinglass or vinyl convertible windows. Also for use on vinyl upholstery. This is a hand kit designed for small jobs. For large projects we recommend using our Clear Seas Vinyl Kit.

	1 8 oz. bottle of Final Finish	
	2 Cotton Flannel Cloths	
	1 Instructions	

Metal Finishing Kit

Use this kit for polishing stainless steel, copper, brass, bronze, aluminum and other soft metals to a mirror finish. This is a great kit for giving a hand rubbing finish to knife blades and shears without having to use polishing compounds, rouge, or stone polishing. Use this kit to polish up to 30 square feet of metal to a mirror finish. The files are ideal for getting into small areas. Perfect for tool and dye polishing.

	1 3" x 6" Sheet of 1200MX Micro-Mesh	

Belt Polishing Kit

This kit is designed for use in touching up intricate, small areas. This kit contains a polishing tool with a spring loaded, tension end that you slide 1/4" x 13" Micro-Mesh polishing belts onto. The tool allows you to index and rotate the belt so that maximum life is achieved. The Belt Polishing Kit can be used on painted surfaces, plastics, porcelain, coatings, fiberglass, precious metals, wood, and more. Replacement belts are available in 10-packs of each grit on our web site.
