

Micro-Mesh Polishing/File Board

These polishing file boards are ideal for getting into tight spaces, cleaning quadrupole rods or for use in any other place where a stiff backing is preferable.

Buffer files are available in 2 sizes - 5 3/4" x 1/2" and 7" x 11/16". The three grit files consist of 2400, 4000, and 12000 grades of regular Micro-Mesh while the four grit files consist of 180, 2400, 4000, and 12000 grades of Regular Micro-Mesh abrasives.

A related product called Micro-Mesh Pads is listed on our web site. These Soft Touch Pads are 2" x 2" or 3" x 4" and contain Micro-Mesh on both sides in various grits with a 3/16" foam center

| Part No. | Description | Width | Length |

| 4N0251 | Micro-Mesh 3 Way Buffer | 11/16" | 7" |
| 4N1731 | Micro-Mesh 4 Way Buffer | 5/8" | 5 3/4" |
| 4N1771 | Micro-Mesh 4 way Buffer | 11/16" | 7" |

Professional Micro-Fiber Wiper

Yellow, 16" x 16" washable microfiber wiper. These wipers are superior to wipers made with natural materials that push contamination along the surface leaving behind streaks and smears.

The fibers in our microfiber wipers are 100 times thinner than a human hair and 10 times finer than silk to give you increased power and absorbency, with a more luxurious, soft texture. These special wipers have fibers that lock in contamination like a magnet, leaving you with a flawless, smear and streak free finish.
