

NEW
product available

Replace your air cans with the *new* Hurricane canless system™

FEATURES

- Green-Friendly to the Environment
- Lasts up to 18 minutes per charge
- Rechargeable
- Economical to charge
- Less Energy
- Cleans Efficiently
- Chemical Free
- More power than a can
- Use at any angle

SIS has added a new product. The Hurricane canless air system, for everyday use. This product is a great alternative to our Dust-Off cans. The Hurricane is great for source cleaning. Removes dust and particles from your instrument parts. The O2 Hurricane does not produce any pollution, so if inhaled you would only be inhaling the same air you breathe. Reduce your carbon foot print, while improving your instrument performance.

Part No.	Product Name
CA 202	Industrial Canless Air System 02 Hurricane
